

## A Message from your Chair

Is it too late to wish New Year to those of you who I haven't yet seen? No?? Then **HAPPY NEW YEAR!**

A cold wet and windy start to the year; but don't let it put you off. Take a look at the hints below to help those creative juices to flow.

And talking about creative juices; we have had a record number of our members presenting artwork for the Woodhorn Open Exhibition. Let's keep our fingers crossed that they will all be accepted. However, I hear that there has been a massive increase in the numbers of applicants this year. So, as the competition is going to be very intense, let's not be too disappointed if any of our artwork is rejected – we'll just try harder next year!

But Woodhorn is not the only Open Exhibition. Keep your eyes peeled for announcements about our own Newbiggin Arts Centre Open Exhibition later in the year.

You'll see from the details below that we are widening our scope of offerings – in direct response to your requests. A classical guitar evening and a quiz night complement our offerings of new courses and workshops. And, if you have any ideas for any new creative events – or even purely social events for our community, then let Wendy (or any Trustee) know your ideas and we will see what we can do!

Don't forget that you can keep abreast of all the things that are happening at Newbiggin Arts Centre in lots of different ways: visit our Facebook pages or website; read our monthly newsletter, look at the posters on the tables and noticeboards; – or just ask Wendy (she has never been known to shy away from chatting about what we are doing! - I think that I am going to pay for that last remark!! ☺ ).

Let's all get together and make 2026 the most artistic and creative time ever for Newbiggin and the surrounding areas. Let's come together as a community, socialise and enjoy ourselves, make new friends, get closer to old friends and help others to make the most of our time together.

Steve

## Committee Meeting Update

### A Busy and Brilliant Start to 2026 at NAC!

We've started the new year with real creative energy at NAC, with many of our classes and workshops are already fully booked. Our current programme includes the Acrylic Course, Watercolour Course, Ceramics Club, Creative Writing Club, Pottery Sessions (afternoon and evening), an Acrylic Workshop, the Intentional Creativity course with Lara, and a Watercolour Workshop — all now full. While not great news for those wanting to join, the good news is that new opportunities are always on the way. We've just announced our upcoming Soft Pastel Course, and more courses and workshops will be added throughout the year.

To make sure you don't miss out, follow Newbiggin Arts Centre on Facebook for the latest updates and booking announcements.

### A quick note for our TGIF members:

As the studio is in use for a Watercolour Workshop, there will be **no TGIF on Friday, 30 January**. Thank you for your understanding.

## Did you know...

When winter settles in, it's easy for motivation to hibernate — but creativity doesn't have to. This season can be a softer, thoughtful time for trying ideas, sharing space and keeping hands busy. Here are some helpful tips to keep spirits and creativity flowing through the winter months.

### **Daylight matters**

Natural light boosts serotonin (your mood chemical). Even 20–30 minutes near a window or outdoors can lift energy and focus — perfect fuel for creative work.

### **Create small, not perfect**

Winter is for *sketches, experiments and play*. Tiny creative wins keep momentum going when big projects feel heavy.

### **Warm hands, warm ideas**

Cold slows fine motor skills. A mug of tea, fingerless gloves, or a quick hand stretch can genuinely improve drawing, stitching and painting comfort.

### **Sound changes mood**

Background music, audiobooks, or even café noise can spark creativity when the studio feels quiet and flat.

### **Low energy is still creative energy**

Not every session has to produce finished work. Researching, doodling, organising materials or journaling ideas all count.

### **Creativity grows in company**

Social connection reduces winter fatigue. Drop into NAC sessions, chat, share work, or just sit alongside others making — it helps more than we realise.

### **Winter light = great light**

Soft winter daylight is brilliant for observing tone, shadow and colour — painters and photographers often get their best contrast this time of year.

### **Make dates with your art**

Short, regular creative time (even 30 minutes) beats waiting for motivation. Action creates motivation, not the other way round.

## Classes, Clubs, & Workshops

### Join One of Our Art Clubs – Spaces Available!

Our classes and workshops are currently full (although with more on the way!), but the good news is there are still spaces in our **friendly, creative clubs** — and they're one of the best ways to get involved.

**Clubs are relaxed, social sessions where you can work on your own projects**, practise what you've learned in classes, and pick up ideas from others along the way. Whether you're into watercolour, acrylics, oils, or something completely different, you're welcome to bring your own thing and enjoy creating alongside like-minded people — or meet some brand-new ones.

They're a lot of fun, very supportive, and many lasting friendships have started around our studio tables.

- ✓ **£5** if you use your own materials
- ✓ **£6** if you use the studio's
- ✓ **Pay as you go** — no long-term commitment

Just **give us a call, drop by the centre to sign up**, or check out our page on Facebook for more details.

### Children's Art Group – Spaces Available for Spring

Our popular Children's Art Group has grown into much more than drawing and painting. Sessions now include a wide range of **creative crafts and hands-on activities**, giving children the chance to explore, make, and imagine in a fun, supportive environment.

It's not just about art — it's great for **confidence, social skills, and creative development**. Children learn to share ideas, try new things, and build friendships while enjoying time away from screens.

We still have **spaces available for the new Spring session**, so now's the perfect time to get involved.

Give your child the chance to create, connect and have fun. **Sign them up today** — pop in, give us a call, or check our Facebook page for details.

## Exhibitions

### Adele Gwynn Exhibition – On Now!

Inspired by the Northumberland coast, this exhibition celebrates painting made with instinct, emotion and joy.

Working with a near childlike enthusiasm, Adele creates vibrant images driven by a love of **colour and pattern**, drawing on the sea, seasons, wildlife and people, alongside elements of memory, folklore and dream imagery.

The result is a playful, expressive body of work that invites viewers into a rich, imaginative world.

Ending soon, so make sure you don't miss it!

### Coming Next

An exciting new exhibition is coming soon to the gallery — watch this space for full details.

**A quick reminder**...if you have any paintings stored at the studio, please don't forget to drop by and pick them up (storage space is always at a premium)....thank you!
